

XYP 2: Pneumatic test unit for controllers

For simulating an open or a closed control loop and for checking the functions of all *centair* controllers. The transducer and the setpoint's remote adjuster are simulated. Conforms to the regulations on pressure equipment (97/23/EG Art. 3.3).

Housing and insert of thermoplastic; front door of transparent thermoplastic; front plate with adjuster knobs and three manometers; one empty housing for inserting the test object; includes a bag of installation material; compressed-air connections Rp 1/8 female thread. Various connection pieces are available for use in laboratory, workshop and testing the plant.

T03080

Type	Description	Weight kg
XYP 2 F001	<i>centair</i> controller test unit	1,0
Supply pressure p_1 ¹⁾	1,3 ± 0,1 bar	Connection diagram A03208
Output pressure p_2	0...1,3 bar	Dimension drawing M297100
Input pressure p_3, p_4, p_5, p_6	0,2...1,0 bar	Fitting instructions Manual (Accessories)

Accessoires

-XMP Plug-in pressure gauge for the Centair measuring ranges, see Section 68.

0297168 000 Set of ancillary material for RCP test (Centair)
